Caucus.

The 'independent' wing of the local democratic party has completed the ticket which it is to present before the party caucus which will choose delegates to be sent to the democratic state convention. On the complete ticket, which those in the councils of the 'independents' say will be offered before the Norwich caucus, appears only one change from the names given when it was first stated that the "regulars" would have to meet opposition in the caucus. Thas is the substitution of the name of William W. Beckwith for Joseph D. Harris in the Second district. While the name of Mr. Harris was at first reported to be the one that would appear on the ticket from the Second district, it is understood that whe had no great desire to be on the ticket and that he was willing to withdraw when it was found that Mr. Beckwith could be induced to represent the Second district.

In the makeup of the "independent" ticket appears the name of Mayor T. C. Murphy, who, it is understood, will also be nominated by the "regulars."

The ticket slated to be presented comprises the following names: First district, T. C. Murphy, William H. Caihahan and Edward F. Comerford; Second district, William W. Beckwith; Third district, Councilman J. J. Connelly Fourth district, William O. Mahoney; Fifth district, Adolphus Benoft; Sixth district, Daniel F. Sullivan. E. C.
